

AQUANEST

Brand: ASAQUA
R.R.P.: € 249,00

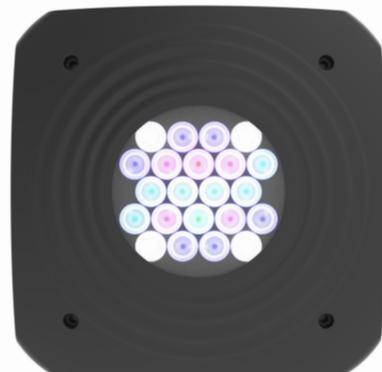

THE ASAQUA AQUANEST

A compact power house. Available in Soft black and Snow white

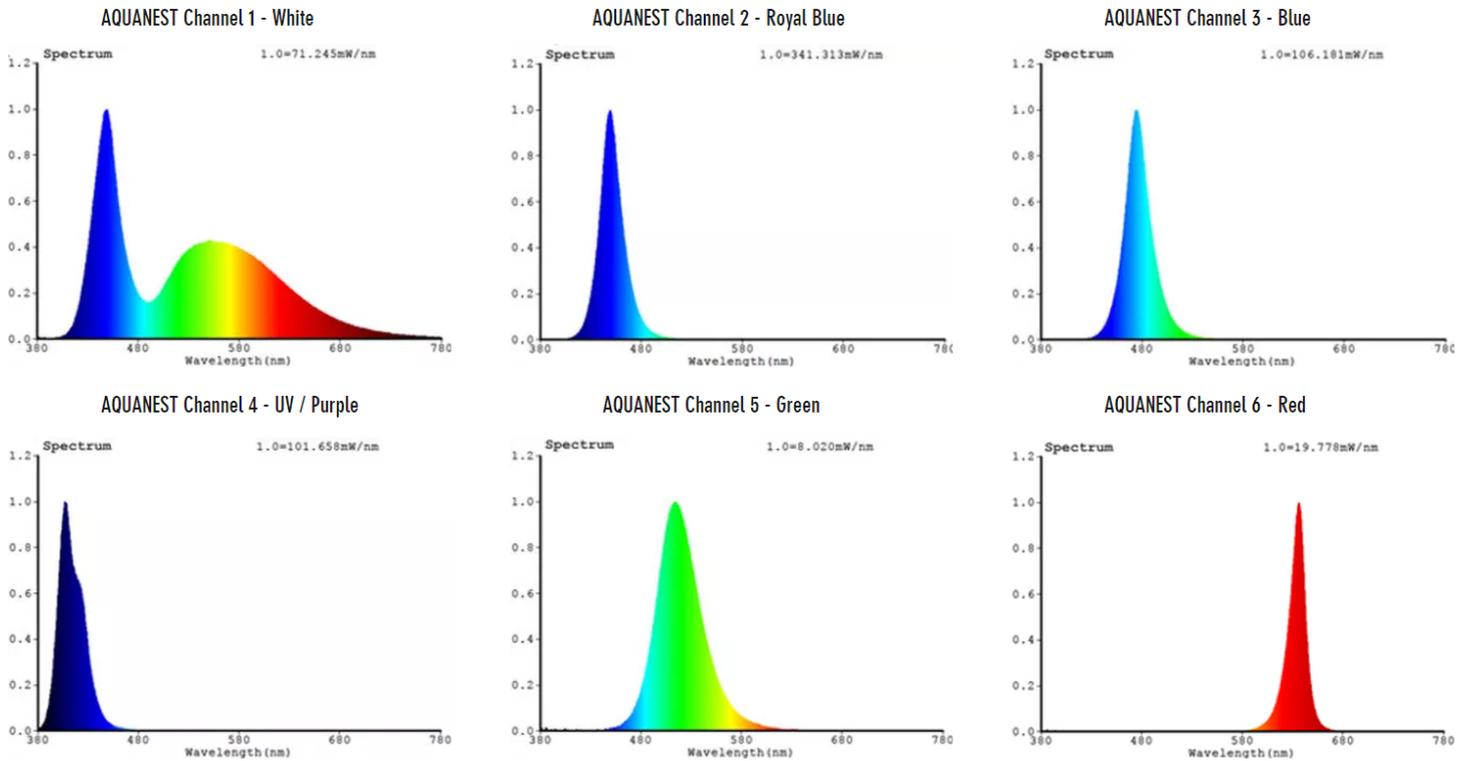

ASAQUA AQUANEST OVERVIEW

The Aquanest puts an end to with its unique combination of product quality, performance and price. With its 96 watts of LED power, produced by CREE leds, the Aquanest will guarantee the highest LED power per m2 available in the market today for small-sized aquarium systems.

AQUANEST PERFORMANCE

The Aquanest comes with a well balanced light spectrum, which is inherent to its unseen performance for the size and weight of the LED fixture. The spectrum graph shows how the 6 individual light channels behave. This 96 watt aquarium LED light is suitable for 100 - 300 liter tanks.

LED DISTRIBUTION

The aquanest is equipped with a total of 22 LED's, divided over 6 channels. This allows for great control over the light spectrum composition, which will allow you to adjust the light to your aquariums' specific needs. The high power is generated by CREE LED's: The most efficient LED chips in the market today.
