

MAX 90

Brand: ASAQUA

R.R.P.: € 749,00

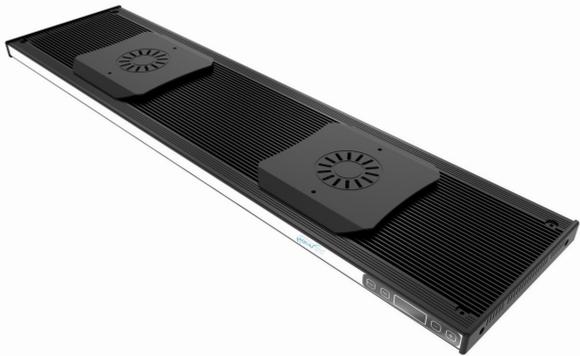

THE ASAQUA MAX SERIES

Maximal performance for a minimal price

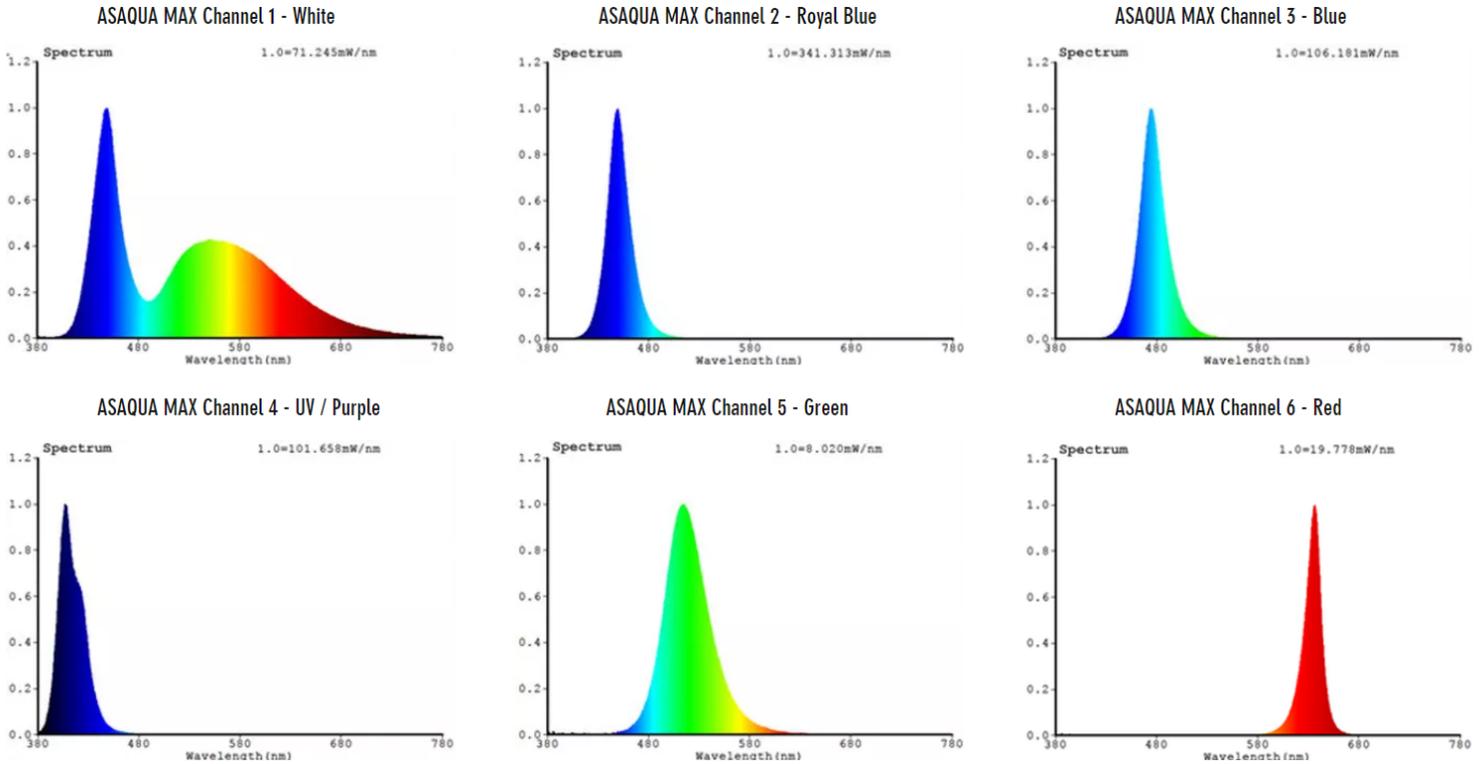

ASAQUA MAX 60 OVERVIEW

The Max 90 is a very slim and powerful aquarium led light solution. The performance is phenomenal when compared to price and size: 168 Watts of well distributed LED power will make even the most challenging corals grow at a steady rate: A perfect LED reef lighting system.

ASAQUA MAX 90 PERFORMANCE

The Max 90 comes with a well balanced light spectrum, which is inherent to its phenomenal performance for the size and weight of the LED fixture. The spectrum graphs shows how the 6 individual light channels behave. This 252 watt aquarium LED light is suitable for 400 - 650 liter tanks.

LED DISTRIBUTION

The max 90 is packed with a total of 84 LED's, divided over 6 channels. This allows for great control over the light spectrum composition, which will allow you to adjust the light to your aquariums' specific needs.

Channel		Color	Power	Amount	Channel		Color	Power	Amount
Ch.1		White	3W	30 pcs.	Ch.4	 	UV + Violet	3W	3+3 pcs.
Ch.2		Royal Blue	3W	30 pcs.	Ch.5		Green	3W	3 pcs.
Ch.3		Blue	3W	12 pcs.	Ch.6		Red	3W	3 pcs.

ASAQUA MAX SETUP AND CONTROL

The Asaqua lights are packed with useful features: You can use the Asaqua app to control the Max 90 through AP and STA mode, and set up everything from channel intensity to a well thought daily light schedule.

Include the following video to your webpage: <https://youtu.be/AwBYXW7nK6w>

This video will explain how to set up the Asaqua Max 90 using the Asaqua app.
